

INTERIOR DESIGN[®]

DECEMBER
2011

bestofyear

Atelier Kastelic Buffey

site Blue Mountains, Ontario.

standout Thanks to a steel frame, the upstairs great room of this barnlike cedar-clad structure can remain entirely unimpeded by beams or walls.

bestofyear MERIT COUNTRYHOUSE

Feldman Architecture and Jeffers Design Group

site Carmel Valley, California.

standout Beneath a sheet-steel roof fitted with photovoltaic panels, a Douglas fir ceiling caps the open plan of this LEED Platinum pavilion.

Fractal Construction

site Cold Spring, New York.

standout A 30-foot swimming pool takes up almost half the ground level of the main house, connected by an ipe suspension bridge to the garage-studio.
